Declaration of conformity

Products with a CE symbol fulfill the LVD directive (2006/95/EC), which was released by the EU-commission. The compliance with this directive implicates the conformity with the following European standards:

EN 60598-2-1:1989

EN 60598-1:2004+A1:2006

More informations for the declaration of conformity you can find on:

WEEE-notice

The WEEE (Waste Electrical and Electronic Equipment)-directive, which became effective as European law on February 13th 2003, resulted in an all out change in the disposal of disused electro devices. The primarily purpose of this directive is the avoidance of electrical waste (WEEE) and at the same time the support of recycling and other forms of recycling in order to reduce waste. The WEEE-logo on the device and the package indicates that the device should not be disposed in the normal household garbage. You are responsible for taking the disusedelectrical and electronical devices to a respective collecting point. A separated collection and reasonable recycling of your electrical waste helps handling the natural resources more economical. Furthermore recycling of electrical waste is a contribution to keep the environment and thus also the health of men. Further information about disposal of electrical and electronical waste, recycling and the collection points are available in local organizations, waste management enterprises, in specialized trade and the producer of the device.

Compliance with RoHS

This product complies with the directive 2002/95/EC of the European parliament and the council from January 27th 2003 concerning the restricted use of dangerous substances in electrical and electronical devices (RoHS) as well as its modification.

Dieses Produkt wurde durch die Tragant Handels- und Beteiligungs GmbH, Beeskowdamm 13/15, 14167 Berlin, Germany in die EU eingeführt.
